

Archived Town Hall Meetings

Each year, I hold as many public town meetings throughout the Third Congressional District as possible because I believe the concept of meeting face-to-face with elected officials is at the heart of our democracy.

Our town meetings are non-partisan, public gatherings where we discuss matters of current interest, including pending federal legislation and issues of interest to the local community. There won't be any big speeches -- just a lot of listening and a free exchange of ideas.

We will also be glad to provide assistance if you are having a problem involving a federal agency. You, your family and friends are cordially invited to attend any of the meetings in your area. I hope to see you there!
